

# How to get log files

1) Start the console app (APPLICATIONS/UTILITIES/CONSOLE)

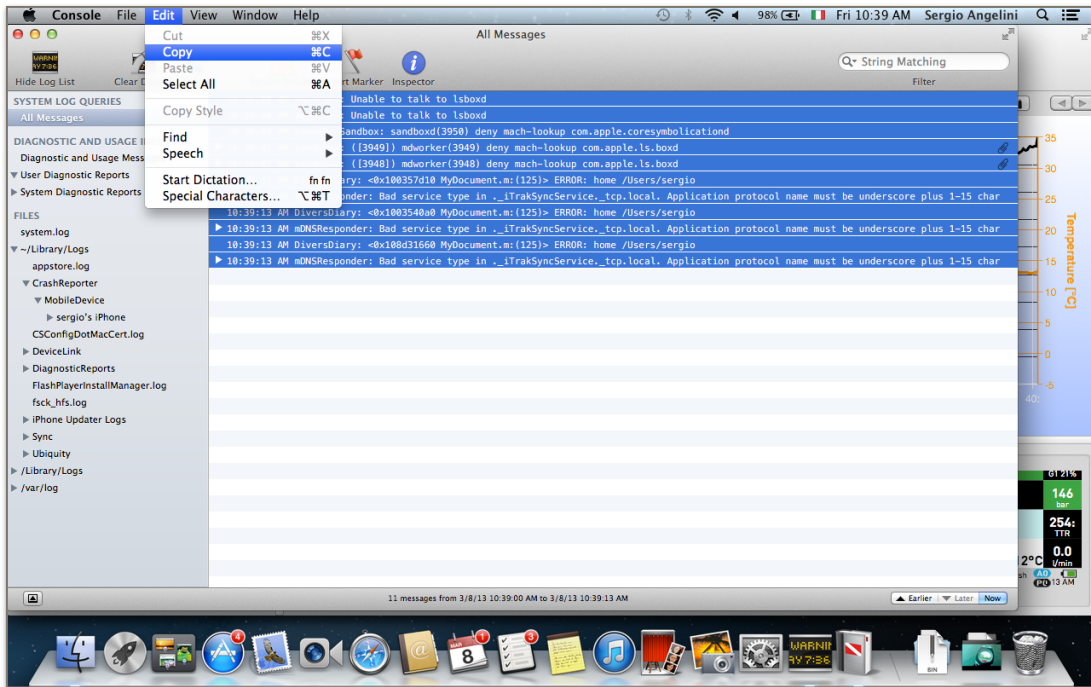

2) Click on the button "CLEAR DISPLAY" at the top left

3) Start Divers'Diary and use it, until you have generated the problem.

4) Return to console, select all and copy it

5) Paste the text in an email and send it to [diversdiary@frobese.de](mailto:diversdiary@frobese.de)
